To Whom It May Concern:

I have had the pleasure of working with PRI Productions over the last two years as our concert production and décor provider for the annual Winter Concert Series at The Omni Grove Park Inn. This series includes several themed weekends across two months with live performances from an array of artists in the Big Band, Classic Rock-N-Roll, Celtic and Comedy arenas.

PRI Productions pays close attention to each detail and delivers both a high-quality production and a complementing atmosphere that exemplifies the quality of service and experience we promise to our guests.

This company has earned my respect, not only for the expertise of its staff – both technical and artistic – but also for their outstanding customer service and delivery. Their physical resources are among the industry's best and I am indeed proud of the events that we have delivered together.

All the Best,
