PUT YOUR DREAM DAY IN OUR CARING HANDS

Our professional wedding planners in Jacksonville have successfully produced countless weddings of all styles, and they can produce yours! They can handle all of the details such as: finding your venue, custom table designs and even day-of coordination to ensure that your big day is a complete success.

CONNECT WITH A PLANNER

When you first contact us, you will be connected to a wedding planner who will best be able to assist you. From there, your planner will set up a consultation to determine your wants and needs. Then we will provide you with an itemized quote and custom creative proposal of all the aspects of your wedding.

REVIEW PROPOSAL

Your custom proposal has been carefully thought-out with you in mind, whether you need a little help with some details or the whole event. We will finesse the outline with you and your spouse so you will know from the start what you can expect from our team. Building a relationship you can count on to make your dream day a reality.

FINALIZE THE DETAILS
